Remodeling Loudoun

Bowa Builders inc., a home remodeling company, has opened an office on East Washington Street in Middleburg.

The McLean-based company said the office will target homeowners in Loudoun and Fauquier counties where "there's a growing market for custom home and large-scale remodeling," said Joe Burke, Bowa's western division manager. "We're not interested in competing with residential developers, though. We want to help homeowners in these markets to improve upon what's already there."

Burke said Bowa has completed many equestrian projects, including barns and indoor arenas, and he called the Loudoun and Fauquier markets a natural fit, given the growth of the region and the interest in horseback riding.
